LEADING THE FIGHT.

HEALTH | EDUCATION | FINANCIAL STABILITY

Dear Fellow Pacesetter,

Jane and I want to thank you for your past support of the Bartlesville Regional United Way and for your willingness to participate at the Pacesetter level.

Our community is fortunate in many ways and for many reasons but we still have citizens who face serious challenges in health, education, and financial stability. By supporting the individuals and families who are in most need, the partner agencies, through programs and initiatives, improve the quality of life of everyone in our communities.

The United Way and its partner agencies work daily to assist those in the greatest need of support. Although the United Way and partner agencies can be proud of past successes, the needs and challenges in our community continue to grow. By going above and beyond in your giving, you ensure that the growing needs of our fellow citizens can be met.

Jane and I give at the Pacesetter level because we believe in the United Way. The United Way unites people along with the resources and with the best practices for improving lives in the community. We are also impressed with the integrity and professionalism of the united way leadership and staff.

We invite you to, once again, partner with us by giving at the Pacesetter level and in investing in our community. If you are already a Pacesetter, we thank you once again, but we are asking you to not only continue but to consider moving to the next donor level. We also challenge you to become a Pacesetter Plus Partner by increasing your giving by at least 10 percent.

Thank you for your support and donation to the Bartlesville Regional United Way because, "United We Fight, United We Win."
